EVANGELIST URGES FAMILY RELIGION AS NECESSITY

"GOD'S CALL TO GLENDALE"
IS SUBJECT OF SERMON
BY REV. JOHN BROWN

Thursday, 7:30 P. M.—Subject, "A Religion of Enthusiasm."
Friday, 10:00 A. M.—Subject, "Spirit-Filled Life."
Friday, 7:30 P. M.—Subject—"At Jacob's Well."

Evangelist John Brown spoke last night upon the subject announced, "God's Call to Glendale."

"The text which I shall use this evening," he said, "is a familiar one, but is a text that I have never used before. It has impressed me and I shall use it. It is found in Hebrews, eleventh chapter, seventh verse, 'By faith Noah being warned by God of things not seen as yet, prepared an ark to the saving of his house, by the which he condemned the world and became of the righteousness which is by faith.' In the first verse of the seventh chapter of Genesis, the Lord speaking unto Noah, said: 'Come, thou and all thy family into the ark.' In my consideration of this subject this evening I shall not discuss any of the doubts or speculations concerning Noah and the flood, for I believe the record just as it stands. How that the children of men became so wicked that God repented that he had made man, and the Lord said, 'I will destroy him from the face of the earth.' But Noah found grace in the eyes of the Lord. Noah was a just man, and perfect in his generation, and Noah walked with God."

Necessary for Future of Race
"In coming to this conclusion some men have seen fit to question God's justice, but God acted from the standpoint of the greatest good to the human family. For their wickedness was so great that every imagination of the heart was only evil continually. For the future of the race it was necessary. Just as in a great fire it is necessary sometimes to blow up costly buildings to stop its progress. God creates and God can exterminate. When men like 'Spud' Murphy outrage womankind and trample upon the holy laws of society it becomes necessary to remove them."

"I not only believe in the history of Noah and the flood, but in God's justice in exterminating the race save Noah and his family. Noah had his eye on the future. There may have been a time when our fathers and forefathers dwelt too much in their thoughts of the future world, but we have gone to the other extreme. We lose sight of the things not yet seen. 'Somehow of late I am thinking a great deal about Heaven.' It looms larger in my mind. Becomes more real. The longer I live the less I care for this old world. The sky scrapers, the flying machines, the oil wells do not engross my time. There is a great danger of our getting our eyes off our eternal home. The

Fred Reed To Again Make Home In City

Friends of Fred Reed, who was a resident of Glendale for several years prior to 1919, will be glad to learn that he is planning to once more make his home here in the near future. At present Mr. Reed is residing in Tucson, Arizona, having lived there ever since leaving Glendale two years ago. Mr. Reed is the owner of a considerable amount of local property, and it is probable he will make his home in one of his several houses.

Johnston's Jazz Bees Go On Jaunt; Just Buzz About an' About

Here's a story of Johnston's jazz bees.
Henry Johnston of 111 North Everett street found a swarm hovering about the fence close to his house on Sunday afternoon.

Early Monday morning he had the hives ready for them out under the orange trees in his yard.

The roving band enjoyed one day in their new domicile and then adjourned to the fence. Tuesday morning Mr. Johnston got them back in the hives. On Wednesday at 1 o'clock they left and went down to the avenue branch of the Los Angeles Trust & Savings Bank.

Possibly they wanted to open an account with Herman Nelson.

He isn't to be stung, however, and he referred them to the building inspector's office to see F. A. Marek for proper housing accommodations.

Then it was that the busy bees decided that Mr. Johnston's hives were as good as any place to reside with the result that they returned and went to work making honey.

Maybe the bees are like some people right now. They didn't want the hives, but can't help it.

CLASS OF 22 BOYS ENTERTAINED BY MRS. MOTTERN

GAMES PLAYED, DINNER SERVED AND PICTURES SHOWN TO YOUTHFUL GUESTS

On Wednesday night, April 27, Mrs. R. W. Mottern, No. 211 North Adams street, entertained the Sunday school class of the Presbyterian Sunday school of twenty-two very lively boys of which her son, Dorsey, is a member. This was in honor of his 11th birthday. The teacher, Mrs. Lawrence, was present with her class to enjoy the evening. It is needless to say she is proud of her boys.

In the early evening the boys enjoyed themselves in baseball and other kindred games of which boys are especially fond. At the call for refreshments they filled three tables beautifully decorated with marigolds and blue corn flowers, which was the color scheme. Many appetizing dishes the hostess had prepared for the boys, which they heartily enjoyed.

Mrs. Mottern was assisted in serving by her daughter Elizabeth, Louise Daugherty, and Adrienne Lawrence.

Stereopticon Pictures
After the refreshments Rev. Mottern entertained and delighted the boys by showing them his stereopticon pictures on his lecture, "Eighty Minutes Around the World," his popular lecture on "Gettysburg," and many other interesting views.

The following boys were present: Norman Axup, Edgar Colvin, Charles Meech, Herbert Jolly, Lyle McAllister, Howard Rittburg, Howard Richardson, Donald McMaster, Donald Dewey, Henry Hesse, Lynn Crisswell, Leroy Tepe, Clay Rapp, Dana Van Loon, Riley Lyons, Darrell Korb and James Fife.

All of the rooms will be heated by electric wall heaters and convenience plugs in dining room will permit the attaching of electric percolators or waffle irons. Complete Mr. Newton's home will cost in the neighborhood of \$6,500.

Writes Poem in Honor

The following poem was written by Bess Munn, grand-daughter of Mrs. Munn, in honor of her grandmother:
Four score years and four of life,
A generous span of days,
A generous time for happiness
In life's mysterious maze.

Four score years and four of life,
Of memories and friends,
Whose constancy and kindness
For sorrows made amends.

Four score years and four of life,
Of seed and blossom time,
Of harvesting and garnering,
Of melody and rhyme.

Four score years and four of time
A goodly space to live;
And may time from her store of years,
Have many more to give.

LeBlanc, wife of Napoleon LeBlanc of 1119 South Glendale avenue, who had been in a very critical condition since April 10, when she suffered a paralytic stroke, passed away at her home at 3 o'clock this morning, aged 69 years. Glen and Dale Now In New Quarters In Roy L. Kent Offices

B-r-r-ring!
"Hello, is this Glendale 1967?"
"Is Glen or Dale in?"
"Yes? Understand Fred Deal got you on the phone pretty promptly. Real nice of him, I'd say."

"So you're located in your new headquarters in the Roy L. Kent Company office now, are you?"
"Yes, I understand the Page-Trice Furniture store furnished you with a new 60-inch desk and didn't even charge for the rent or the cartage. The local convention committee certainly appreciates the co-operation of Glendale merchants in making arrangements for the state meeting here June 25 to 29."

"You tell 'em, will you?"
"SURE!"

BIG FREIGHT YARDS WILL BE PLACED CLOSE TO CITY

GLENDALE WILL BENEFIT IF PLAZA TERMINAL PLAN IS CARRIED THROUGH

Should the Plaza terminal plan in Los Angeles be carried through, according to those who are in touch with the Southern Pacific situation, it will mean that extensive freight yards will be located in close proximity to Glendale and these will bring to this city thousands of workers.

Already the classification yards are moving along San Fernando road toward Glendale and in the course of the construction of the new terminal, it will be necessary to shunt thousands of carloads of freight farther into the valley.

This in turn will have a tendency to bring the accompanying industrial district right to the boundaries of Glendale, the city of homes. According to a map in one of the morning papers, freight yards were shown west of this city, but according to high authority in the Southern Pacific offices in Los Angeles, such will not be the case.

Rev. A. B. Smart Plans To Organize Church

Rev. A. B. Smart, retired minister of 110 North Olive street, is organizing and founding a Holiness Methodist church in the new settlement located on both sides of Verdugo Road between Eagle Rock Road and Glassell park. Rev. Smart says that within the past year fully a thousand families have moved into this rapidly-growing district, and that there is an urgent need for a place of worship of some kind in the vicinity.

Until the building, which is planned to be erected in the near future, is completed the meetings will be conducted in a large tent. Last week a fire caused by imperfect wiring destroyed the tent, but it was immediately replaced by a larger one.

Although Rev. Smart is over 80 years old he is still hearty and active. He has lived in Glendale about fifteen years and is a member of the local First Methodist church.

Ground Broken For Two Store Buildings

Ground is being broken this week for two more store buildings, that of Glenn L. Porter on the southeast corner of Broadway and Orange street, and the Fish & Tarr Chevrolet salesroom at 510 East Broadway. Brick work started this morning on H. E. Nobles' new building, Orange and Broadway, and excavation work is nearing completion for the Valley Supply company's building at Maryland and Wilson avenues, and the Walker block at Maryland and Broadway. Excavation work also is being done on the Monarch Auto Supply company's lot, southeast corner of Brand boulevard and Harvard street.

L. A. Stanford Buys Columbus-Elk Lot

The lot on the northeast corner of Columbus avenue and Elk street has just been sold to L. A. Stanford of this city, the A. J. Lucas Realty company making the transaction. Mrs. Mary Smith of Los Angeles was the former owner.

Today's World News In Brief

(By United Press to Glendale Evening News)

GERMAN REPLY DECLARED 'HIGHLY UNSATISFACTORY'

LONDON, April 28.—Germany's reply to the British request for amplification of her reparations note was branded today as "highly unsatisfactory." The British foreign office dropped the matter and will leave it to the supreme council to pass on reception of the German proposals.

PRICES STEADY AT OPENING OF N. Y. STOCK MARKET

NEW YORK, April 28.—The New York stock market was quiet at the opening today with prices steady to firm. Developments in the German reparations dispute had a disquieting effect in some quarters. This was offset by a reduction in British discount rates. United States Steel was unchanged. Crucible was slightly lower at 80½; Bethlehem B. sold ¼ higher at 58¾. Mexican Petroleum started ¼ up at 150½ and advanced to 151. Rails were irregular with prices changing only slightly. Pennsylvania was down ¼ as a result of the cut in dividend yesterday.

CROWDS SURROUND BARRACKS AS 4 SINN FEINERS DIE

CORK, April 28.—Four young Sinn Feiners were executed in the barracks here today by firing squads. They were Patrick O'Sullivan, Patrick Ronayne, Thomas Mulcahy and Maurice Moore. The four were charged with waging war against the crown forces. O'Sullivan and Ronayne were led before the firing squad at 8 o'clock. When their bodies had been removed, fifteen minutes later the other two faced the riflemen. At the barracks gate a large crowd of sympathizers surrounded relatives of the condemned men who were being comforted by two priests. Women in the crowd were much affected when the first volley announced the death of the two men. Most of those at the gate remained kneeling until the second volley was heard and a guard appeared to post a notice that the sentence had been carried out.

SMALL CLAIM MEASURE IS PASSED BY STATE SENATE

SACRAMENTO, April 28.—The Rosenshine small claims court bill passed the senate late last night. This measure provides that claims under \$50 may be settled by justice courts of the state. It provides that the litigants may bring action without employing attorneys. The highway appropriation measures passed by the assembly were killed by the senate finance committee in executive session at midnight. The measures included appropriations from all sections of the state, one being the Mecca-Blythe highway connecting with Arizona. Referendum on the Wright enforcement act is in sight with the appearance here yesterday of H. F. Stoll, secretary of the California Grape Growers' Protective association. Stoll declared that the association will start circulating petitions immediately. The referendum needs more than 34,000 signatures, to be filed with the secretary of state within ninety days. The Parker bill restricting teaching in Japanese language schools was passed by the senate. The measure provides that all foreign language school teachers must read, write and speak English and their text books be authorized by the superintendent of the public instruction.

GERMANY WOULD SETTLE AT RATE OF 38c ON DOLLAR

PARIS, April 28.—Germany during the war inflicted damage of 132,000,000,000 gold marks on the allies and their associates, according to the reparations commission which completed its task today. The German offer of 50,000,000,000 gold marks in comparison with these figures, is a proposal to settle her debt for 38 cents on the dollar. The allied bill of damages was submitted last night to Dr. Von Gertner, German delegate to the commission. The reparations commission by reporting the total, completed its task three days ahead of schedule. Under the peace treaty the bill of damages was to be ready May 1, 1921. The commission explained that the figures do not represent the actual damage inflicted by Germany during the war, but approximate what she is able to pay. The allied experts cut deeply into the claims of several countries, notably the South American, which charged extensive damage to shipping and property. The claim of Peru and Bolivia were rejected entirely and Brazil's bill was cut three-fourths. The French continued adamant today in their decision not to consider Berlin's offer to pay 50,000,000,000 gold marks as reparations.

ATLANTIC FLEET PASSES IN REVIEW BEFORE HARDING

ABOARD PRESIDENTIAL YACHT MAYFLOWER, Hampton Roads, Va., April 28.—America's naval power in the Atlantic passed in review before President Harding today. Half shrouded in mist, eleven dreadnaughts, nineteen destroyers, eighteen submarines and scores of auxiliary craft, swept past the port side of the Mayflower, on the bridge of which stood the president. The air shook as one ship after another fired its twenty-one gun salute to the commander-in-chief. Led by the mighty Pennsylvania, flagship of Admiral Wilson, the long column of fighting ships steamed out of the misty distance, wheeled smartly when a mile astern the reviewing yacht and proceeded at stately speed while overhead droned an air fleet of seaplanes, playing hide and seek in the low trailing clouds. Behind the Pennsylvania were strung in single file the other ten battleships of the Atlantic fleet, the Arizona, Oklahoma, Nevada, Utah, Florida, North Dakota, Delaware, Connecticut, South Carolina and Michigan. Next followed nineteen trim, agile destroyers, auxiliary supply ships and other craft. Among these was the old Columbia, which served with distinction as a scout in the Spanish-American war, but now outworn must be content with mere menial duty. Mine sweepers trailed behind, followed by eighteen submarines, their low, odd profiles contrasting with the powerful fighters furthured ahead. The weather was gray, with low hanging clouds. This forced the aircraft hovering over the fleet to fly low. The dull roar from the guns of this ultra modern fighting array rolled out over the roadstead to the nearby spot where over fifty years ago the Merrimac and Monitor fought the historic naval battle of the civil war. The review lasted a little more than an hour. It was 9:10 a. m. when the Pennsylvania passed and just before 10:30 the last of the submarines sailed by the Mayflower. The warships anchored after the review and within a few minutes the Mayflower joined them in Hampton Roads. The presidential party then boarded the Pennsylvania, where the president and Mrs. Harding received the officers of the fleet.

BALDWIN SISTERS PURCHASE LA RAMADA AND ORIGINAL CASA VERDUGO GROUNDS

The biggest real estate deal ever yet put through in Glendale was consummated yesterday when the Misses Jeanette, Ida and Myrtle Baldwin, sisters, 903 South Central, purchased from the Pacific Electric Railway company and Maier's Brewing company both La Ramada and Casa Verdugo Spanish restaurant and grounds covering the entire block bounded by Brand boulevard, Randolph, Louise and Stocker streets, through J. PLAYGROUNDS HERE GREAT NEED, WARM DAYS INDICATE

LOCAL BOYS TO BE TAKEN TO
PASADENA FOR SWIM IN
BROOKSIDE PLUNGE

The crying need for playgrounds
in Glendale has been demonstrated
during the last few days of warm
weather.

In the first place, tomorrow af-
ternoon A. T. Blanford, athletic di-
rector of the Glendale grammar
schools, and N. R. Whytock, coach at
the intermediate school, are going to
take more than 100 Intermediate
boys to Brookside park in Pasadena
where they will have the joy of
swimming.

On the other hand, yesterday af-
ternoon a dozen youngsters who were
coasting and playing in the street at
Beynton and Palmer avenues were
ordered off of this makeshift play-
ground by the police because they
were not only endangering their own
lives but those of autoists who had
to use the thoroughfares. The case
was called to the attention of City
Recorder F. H. Lowe.

Propose Athletic Instructor
Yesterday a half dozen youngsters
were hailed before the officers for
damage to property at the Pacific
avenue school last Saturday.

As a result of the conference be-
tween the boys, school authorities
and Chief of Police J. P. Lampert,
negotiations are now under way to
employ an athletic director to be
present on Saturday and Sunday af-
ternoons in order to give the boys the
wholesome entertainment which they
should have without mischief.

played game.

The first game of the city school
league was played yesterday with the
result that Pacific won from Central,
the score being 31 to 6. Willard
Dall and Loren Pierce were the bat-
tery for the winning team, while
Lloyd Morgan and Carol Toll han-
dled the pill for the Central lads.

Harris has requested the railroad
commission to have this hearing held

Big Demand In City For Vacant Property

In speaking of the recent unprece-

dale the firm of Davenport & Stro-
ther, real estate dealers of 217 South

that within the past six weeks they
have sold lots valued at \$26,450 as
against \$13,000 worth of improved

CONVENTION DELEGATES

The regular monthly all-day meet-
ing of Chapter "L" of the local P. E.
O. society took place yesterday as a
successful occasion at the beautiful
home of Mrs. Margaret Campbell on

further enjoy the day.

About twenty-five members were
present, Mrs. Mary Lee, the presi-

10 o'clock. Regular business and

eon, the hostesses of which were, be-
sides the hostess of the day, Mrs. Lu-
nette Hunt, Mrs. Fern Roberts and
Mrs. Pearl Tower.

The afternoon gathering was de-
voted almost entirely to the reports
of delegates to the state convention
held at Burbank last week. The re-

gotten up and complete, were ably
given by Mrs. Mary Lee, Mrs. Edith
Huntley, Mrs. Dorothy Weller, Mrs.
Mae Emery, Mrs. Ann Bartlett, Mrs.
Lettitia Lusby, Mrs. Pearl Tower,
Mrs. Helen Bott and Mrs. Lunette
Hunt.

Mr. Cullen, who has been a resi-

English channel.

King Has Now Written Seven Books On Coins

TRENT, Italy—King Victor Em-
manuel is still working on a history
of Roman and Italian coins and med-
als, seven large volumes of which
have now been printed.

Italy is the most interesting coun-
try in the world for the coin collector,
there being coins dating from the
earliest Etruscan times down to the
present day, an uninterrupted history
of nearly 3000 years. The peninsula
was broken up into states after the
fall of the Roman empire, and each
state prided itself on the variety and
beauty of its coinage.

The king has one of the best col-
lections in existence, and it is said
that the buying of a rare coin or a
beautiful specimen is his ore item of
personal expenditure.

GOD'S CALL TO GLENDALE
IS SUBJECT OF SERMON
BY REV. JOHN BROWN

(Continued from Page One)
sainted John tells us of a place where
former things have passed away;
where will be no night. I never did
like dark places.

"For that reason I have no use
for spiritualism. For these mediums,
so-called, and seances can only op-
erate in the dark. There shall be
no death there. This thought domi-
nates my thinking and grips my
heart and makes my preaching more
effective. Noah was warned of
things unseen. The man or woman
acting on this plane impelled by
things unseen goes out to do great
things. To sacrifice and service.
Noah was moved by fear—a godly
fear—a fear to displease a righteous
God. It is said that self-preservation
is the first law of nature. The first
law of the man of God is concern
for those under his care. Noah in
the face of ridicule and criticism
persevered in the building of the ark.

Keeps Family Together
"For 120 years he never faltered.
He made no converts, but he kept
his family together, and at last took
them into the ark of safety. This
should be the first concern of all pa-
rents. My father was the head of
the family and ruled with a firm
hand. When the children were
pretty well grown up he counseled
with us and told us the home was
for our comfort and pleasure, but
that there were rules which must be
obeyed.

"Every home needs authority. Too
many outlaws in the home. Nine-
tenths of the increase of crime among
boys is devilry chargeable to the
home. Too many parents would
shift the responsibility to the school
teacher and oftentimes when the
teacher tries to correct the boy the
parents oppose. My father's plan
was to supplant the teacher, and any
time the teacher punished he fol-
lowed with another. I both feared
and loved my father.

"Too many boys fear to be guided
by mother, as some call it guided by
mother's apron strings. Fear to dis-
please Him—a godly fear produces
a godly life. Which is better, to
fear God and have a white life,
or to fear man and have a
white life. People may call me a
crank and think I am too strict with
my children in guarding their every
footstep, but I expect to go to
Heaven and take them along. I shall
show them the right way—go it my-
self, and then I will be spared the
awful shame of having them blame
me for lack of care or warning.

Believes in Hell
"If the pulpits of the past dwelt
too much on future punishment the
pulpits of today do not say enough.
I believe as much in a hell as in a
Heaven. You say that you do not
believe in a hell; some may say that
they do not believe in a penitentiary,
but your belief will not keep you out
of either if you do wrong. Fear to
do wrong is a potent factor to do
right—a godly fear will produce a
strong man.

"I pray that God will awaken the
parents of Glendale to their duties to
children. It is God's plan that we
take our children with us into the
ark. I shall feel rich if I can help
others and at last place my whole
family unbroken at the feet of
Jesus. I shall feel well repaid;
"Come, thou and all thy family into
the ark." Fathers and mothers of
Glendale, the ark is completed. Jesus
finished it upon the cross, and all
these centuries the door is swinging
open and God is saying to you,
"Come, thou and thy family into the
ark." Let me tell you this, that a
child reared in a godly home will
have a hard time to be lost. The in-
fluence will follow and beckon. Oh,
for this revival to begin in the Glen-
dale homes, among the boys and girls
—a revival when we will all know
God!

"Sunday I invited the officials to
the inquiry room. Last evening the
members of the churches and tonight
I am asking all who want to accept
Christ and get into the ark of safety
to come. Come while we sing; come
on boldly. For that's the only way
to get anywhere in the Christian
life."

A large number responded, the ma-
jority being young people, many of
them high school boys and girls.

EDITOR'S STEADY INCOME

A child is born in the neighbor-
hood; the editor gives the loud-
lunged youngster and the happy pa-
rents a send-off and gets \$0.00. It
is christened and the minister gets
\$5 and the editor gets \$0.00. The
editor blushes and tells a dozen lies
about the beautiful and accom-
plished bride. The minister gets
\$10 and a piece of cake and the edi-
tor gets \$0.00. In the course of
time she dies; the doctor gets from
\$15 to \$100, the minister gets per-
haps another \$5, the undertaker
gets from \$75 to \$200, the editor
prints an obituary two columns long
and a card of thanks and gets \$0.00.
No wonder so many country editors
get rich.

Man is the only animal that sleeps
on its back.

**Pays Tribute Behalf
Of Mrs. Cora Taylor**

By the passing on of Mrs. Cora
Taylor, principal of Columbus avenue
school for many years, Glendale
loses one of its truly noble women,
but the influence of her life will al-
ways be felt and her kindly and
sympathetic friendliness remain
pleasant memories to hundreds of
parents and boys and girls, many
grown to manhood and womanhood
now.

Mrs. Taylor was a wonderful teacher
and her ability to realize and bring
out the best in her school was al-
ways recognized.

Those who were associated with
her in the early parent-teacher
work will always remember the part
she took in making the association a
success, and will not forget her kind-
ly welcome, active interest, loving
cooperation.

Because I feel I owe a great deal
to her in the bringing up of my boys
and because I know many mothers
are feeling the same I write this, a
loving tribute to her many years of
faithful school work.

Truly the world is better for her
having been here.

Spends 30 Cents To
Make \$200 Cash Sale

Every day The Glendale Evening
News hears compliments about the
efficacy of its classified advertising
columns. From all over reports on
their results are most gratifying, but
when they bring new business it is
well worth while mentioning.

G. W. Biggins, proprietor of the
Elite Sweet Shop, 134 South Brand
boulevard, while inserting another
classified liner, said:

"I sold a piano for \$200 cash
through a 30-cent ad in last Friday's
edition of The Glendale Evening
News."

Al Cawood of the Glendale Thea-
tre staff in advertising for a fur-
nished home for a friend, said:

"One year ago when rents were at
their peak, I inserted a want ad in
The Glendale Evening News and for
30 cents I saved \$25 a month during
the last year."

Advertising in The Glendale Eve-
ning News pays.

Mrs. Robert Willson
To Visit In Glendale

Several Glendale friends of Mrs.
Robert Willson, former "old-time"
resident of North Glendale, reports
she is intending to spend her two-
weeks' vacation which commences on
May 8, with old acquaintances in this
city. Mrs. Willson's home at present
is in Oakland, where it is convenient
to her daughter, who has been at-
tending school at the University of
California in Berkeley. Prior to her
moving to the northern city she lived
for several years on West Stocker
street.

While in Glendale Mrs. Willson
will make her headquarters at the
homes of Mrs. Sidney Dell, 928 North
Louise street, and Mrs. M. A. Dener-
lin, North Central avenue, respec-
tively.

PERFECTLY SAFE

"Are you the plumber?" asked
Mrs. Cooke.

"Yes, ma'am, I'm the plumber all
right."

"Well," she replied, "I just want
to caution you to exercise care when
doing your work. All my floors are
highly polished and in perfect con-
dition."

"Oh, don't worry about me slip-
pin', lady, I've got nails in my
shoes."

northern part of the state including
St. Helena, Oakland, Sacramento
and other points. He will return to
Glendale Friday. Today he is wel-
coming returning missionaries from
the Orient as they arrive at San
Francisco.

W. C. Raley, conference auditor,
also is in the north on business visit-
ing churches at Fresno, Lodi and
Oakland. Before returning he will
go to Reno, Nev., and Ogden, Utah.

F. E. Painter, field missionary
secretary, is now on his way to Og-
den where he will conduct a colpor-
teur convention.

Greeters' Squads To
Be Feature Of C. E.

By GLEN and DALE
By June 25 there will be a jolly
enthusiastic group of young people
ready to do everything they can to
help Glen and Dale have the best
state convention ever held in Cali-
fornia. These will be the pages and
guides of the convention. Their privi-
leges are to meet trains, check bag-
gage, see that Glen and Dale's guests
are safely guided to their temporary
homes, give needed advice and di-
rection and live up to their motto.
Isa. 6:8, "Here am I; send me at all
times."

After the John Brown evangelistic
meetings there will be a big rally of
these young people with drills and
instructions and a general good time.

Fred Hoffman has charge of this
committee, D. L. Foster is his vice
chairman, and Mrs. C. M. L. Foster
is secretary.

Captains now busy in lining up
helpers among the young people of
teen age are Bruce Kurtz, C. G. Far-
row, Marjorie Yarrick, Dorothy
Pearl, Pearl Edmonds, Mildred El-
liott and Dale Woods.

In a few days there will be a
young woman at headquarters in the
Roy L. Kent company offices to an-
swer inquiries during the afternoon.
Later she will devote her entire time
to convention arrangements and
mailing out publicity.

No fool like a young fool that tries
to act like an old fool.

Summer Demands Its
Own Kind of a Corset

—You cannot afford to be care-
less about your summer cor-
set, for materials are light and
styles are slender. They must
have a perfect foundation if
they are to retain their smart
style.

—Among our stock of NuBone
and other leading makes of
corsets you will find the latest
fashions in new, firm, fine ma-
terials that are cool and yet
will keep their shape in Plain
Brocades, and fancy patterns
in white, pink and blue—as
well as blue and pink combi-

—Our corsetiere will gladly
suggest a style which will in-
sure you a well poised, grace-
ful figure.

FIRE CALLS NUMEROUS

Fire calls have been numerous the
last few days with the first summer
sun shining brightly on old rubbish
piles and weeds igniting from bon-
fires. The temperature is around the
90 mark today which means that the
usual precautions taken every sum-
mer to avoid conflagrations should
be put in practice at once.

NOTHING MUCH IS RIGHT

"What's in your traveling bag?"
asked the customs officer of the de-
mure dame.
"Oh, nothing," said the maid.
"Just some week-end wearing ap-
parel."

THE PROSPECT

He—"If things get dearer I shan't
be able to buy clothes."
She—"If fashion continues its
present course I shan't need any."

ADVERTISING MEANS SUCCESS, PROVEN AT CONVENTION

A. G. SPOHR IS HOME FROM
GATHERING; BEST METHODS
OF BUSINESS TOLD

A. G. Spohr, of Spohr's Drug store, has just returned from a two-day convention of Rexall store people in Los Angeles and he is enthusiastic over the excellent business sessions in which he took part. Many phases of the drug business were discussed with the object of bringing out the best ideas on salesmanship and modern methods of merchandising, especially service to the public.

One of the interesting subjects was that of "Advertising a Retail Business." It was the consensus of opinion that too many merchants look upon advertising as a necessary evil because others do it, whereas the right sort of advertising by a merchant is part of his service to his customers. It informs the public of special bargains, reminds them of seasonable necessities, and gives them reasons why certain goods are best to buy.

One speaker was applauded when he said "No advertising campaign can fail to be a success when it is designed as service to the customer and where the salespeople intelligently carry through the idea of showing the customer how he can spend his money to best advantage to himself."

Two days were used in relating business experiences and talking over the lessons to be derived therefrom, still further strengthening the spirit which has done so much to enable merchants to work together for the advantage of their own communities, also to develop aggressiveness in business.

A banquet was given last night at the Alexandria hotel, with music, entertainment and speeches by distinguished guests.

Colonel Thornton Is Chairman Of Meeting

In a communication from James W. Pearson, local realtor, he states that Colonel Tom Thornton presided over the meeting at Doner, Hemenway & Burn's office Tuesday night at which time a sewerage system, annexation and other issues were discussed by several business men attending. Mr. Pearson disclaims the honor accorded him in The Glendale Evening News in yesterday's issue.

A. L. Chandler Host To John Brown Party

A. L. Chandler of 310 North Jackson street was host Wednesday to the members of the John Brown evangelistic party and friends at an elaborate five-course chicken luncheon. A profusion of roses and ferns decorated the rooms. Corsage bouquets were used on the dining table. Those present included Rev. John Brown, Choir Leader Ironmonger, Mr. Clark, pianist; Mrs. Frances L. Neth, Mrs. J. J. Brown, Miss Jennie Brown, Miss Elizabeth Bohannon, W. S. Bohannon and Miss Sue Thomas.

Old Clothes Sought In Near East Relief

By REV. R. W. MOTTERN
Of Glendale Near East Relief
An "Old Clothes Campaign" will be put on by the Near East Relief from May 25 to 31, inclusive. You may not be able to help with money, but you can give some warm cast-off clothing you may find as the closets and wardrobes are cleaned and adjusted this spring.

Let the Near East Relief place that clothing around the thin, emaciated bodies of the helpless, homeless widows and orphans. The pitiful hands of a million war victims are stretched out for your gift.

Last year the whole of America sent but 750 tons of clothing to the benighted in Asia Minor. This year Southern California is asked to give 2500 tons and we can do it. Their supply is exhausted and clothing is worn out as the following cablegrams state:

From Erivan—"There is urgent need for food and clothing."

From Constantinople—"Refugees are escaping from the Caucasus naked and destitute."

Beirut—"An entire cargo of clothes is more than welcome for the refugees, as American relief is their only hope."

A relief ship is leaving San Pedro directly for Constantinople early in June, carrying tons of beans, flour, sugar, cast-off clothing and much useful material besides. Let it bear your gift of mercy.

The Boy Scouts in every community will receive instructions to become the collectors. So begin today to get ready for them.

Attempts To Prevent Escape Of Accused

CHICAGO, April 28.—District Attorney George Gorman went to bat today to prevent the alleged gamblers and former White Sox ball players, indicted for conspiracy to throw the 1919 world series, from slipping out of the country to escape trial.

According to Gorman, "Sport" Sullivan, Abe Attell and Rachel Brown are now in Canada. Bill Burns, whose statements caused the sweeping investigation of baseball, is said to be in Mexico.

Ban Johnson, president of the American league, is reported headed for Washington to ask the federal government to prevent others from escaping. Eight have given bonds.

Local Bowling Squad To Invade Long Beach

Another treat is in store for the bowling fans of Glendale. The local Elks' team will go to Long Beach tomorrow (Friday) night and play the Elks' team of that city. Those who accompanied the team to that beach city last year remember the jolly time enjoyed and it is expected that a large delegation of Elks and their ladies will accompany the team to Long Beach tomorrow night. The regular bowling team of No. 1289 consists of Joe Fortunato, captain and manager; James Apffel, Claude Caswell, Fred Heusman and Fred Holborow.

A COUPLE OF CALLS

"The doctor made me show him my tongue, and it cost me three dollars; but I got even."

"How?"

"In a game last night I made him show me his hand, and it cost him five dollars."

Yesterday's hero—Bernie Heis. Brooklyn's sawed-off fielder evened the count in the ninth with a single and scored the winning run on Johnson's single, the Giants getting trimmed again, 5 to 4. George Kelly hit his fifth homer.

Detroit pounded Coveleskie hard and stopped the winning streak of the Indians by winning 5 to 2.

Bressler's single in the first inning with the bases full gave the Reds a 2 to 1 win over the Cubs.

The Braves put the tomahawk to work on Cecil Causey in the seventh inning and scored four runs which gave them a 5 to 2 victory over the Phillies.

Duffy Lewis doubled in the ninth inning with two on base and Washington trimmed the Yankees once more, 5 to 3.

Hard hitting by the Pirates and loose fielding by the Cardinals gave Pittsburgh a victory, 7 to 5.

Paddock's Records Are Backed Up By Official

NEW YORK, April 28.—Charley Paddock, sensational University of southern California sprinter, will get four world's records that will stamp him as the greatest runner of history if Robert S. Weaver, president of the A. A. U. has anything to do with it. "Paddock's records of Saturday at Redlands should be accepted," Weaver wired today to the United Press.

"I personally made all the arrangements. Five timers and judges were on all the tapes and their watches were all tested by experts. The track was surveyed by civil engineers.

Weather conditions were unfavorable. It was cold with a slight breeze blowing diagonally across the track striking the runners a little in the face.

"Paddock ran out the 100 yards for the 100-meter record. In the 220 he went on through tapes at 200 meters, 300 yards and 300 meters. All the watches agreed with the exception of the 300 yard and 300 meters. Two watches got him at faster time than was allowed.

"I started the events, refereed and saw that everything was authentic. All the officials had lots of experience and there can be no reason why the record should not stand. The records Paddock recently made in the 100 yards and the 220 yards, have not been sent east as yet, but will accompany the new ones when filed."

Rain Halts Games In Pacific Coast League

SAN FRANCISCO, April 28.—Rain played havoc with yesterday's Coast league baseball. Only two games were played and San Francisco and Vernon were the winners.

San Francisco beat the Angels 9 to 6. Fifteen Seal hits were responsible. Doc Crandall was the leading victim, but Rheinhart who relieved him did not fare too well.

Vernon beat Oakland 4 to 2, the Tigers treating pitching efforts of Buzz Arlett in a most ungentlemanly manner.

The Salt-Lake-Seattle game at Seattle and Sacramento-Portland game at Portland was postponed on account of rain.

Ray Kegeris Winner Of Swimming Title

LOS ANGELES, April 28.—Defeating Norman Ross of the Illinois Athletic club, Ray Kegeris of the Los Angeles Athletic club last night won the national A. A. U. 150-yard backstroke swimming championship. Kegeris' time—1 minute, 49 4-5 seconds—was within one second of the world's record.

In the fifty-yard dash for high school boys, Walter Rau of Venice High won in 27 seconds. Ed Rawling of San Diego High was second. Thelma Finn made the best time in the girls' 100-yard handicap.

'Chick' Gandil Given Freedom; Goes East

LOS ANGELES, April 28.—Arnold "Chick" Gandil, former first baseman of the Chicago White Sox, arrested on telegraphic instructions from Chicago in connection with the 1919 world series scandal, was released from the city jail on his own recognizance.

Gandil was freed following receipt of a telegram from State's Attorney Crowe of Cook county, which read: "Allow Arnold Gandil to come to Chicago at his own expense." Gandil said he would leave here this evening.

Constance Binney Is Now At Palace Grand

Little Miss Constance Binney comes back to town today at the Palace Grand Theatre, this time in society clothes and sumptuous settings and a real blood and thunder thriller, but she is the same demure, unaffected and adorable little heroine that she was in "Erstwhile Susan." "The Stolen Kiss" and "39 East." We have an idea that nothing will ever spoil Constance Binney. She has kept her head so well during her long "39 East" stage triumph that now we know she will always be the same sane, poised, and thoroughly natural little artist, bringing to her screen interpretations no cheap tricks but a winsome personality and an intelligent understanding of her work in all its phases.

"Something Different" lives up to its name very well.

It is the story of a New York heiress and social favorite, whose very popularity bores her. In her search for a new experience, a fresh thrill, "something different," in short she goes to visit a former school friend in South America. She finds what she went after, and a little more besides, for she is soon in the very exciting middle of a healthy revolution, and for lending aid to the insurgents is imprisoned by the authorities. Falling in love with the general, who is her captor, adds zest to the plot, and Miss Binney makes a very agreeable little rebel, both in love and in war.

A Mermaid comedy made in Glendale, "Holy Smoke," featuring Jimmie Adams, also is on the program. "The Butterfly," a duet for flute and clarinet, is the orchestral overture. Tom Mix in "The Road Demon" is the feature tomorrow.

POINTS SAVING OF BILLION DOLLARS FOR RAILROADS

LABOR ECONOMIST GIVES OUT FACTS AND FIGURES TO UNITED STATES BOARD

By ROBERT S. THORNBURGH
United Press Staff Correspondent
CHICAGO, April 28.—Details of how organized labor believes railroads of the United States can save one billion dollars in expenditures annually were described by W. Jett Lauck, American Federation of Labor economist, today, in a statement to the United States railroad labor board.

Lauck appeared as a witness for railroad unions in their fight to prevent reduction of wages asked by the railroads.

"Highest efficiency in railroad administration will be obtained through a national unified control or a regional control, which will utilize all existing facilities regardless of competing claims," Lauck said. "There is no question but that great economies are possible under unified management in the direction of a comprehensive national plan for transporting products with minimum effort in the shortest line from point to point."

Numerous Suggestions Made
Lauck suggested pooling of repair shops, elimination of circuitous rail routes, unification of terminals, consolidation of ticket offices, universal mileage tickets, standardization of equipment, maintenance of uniform freight classifications, maintenance of common time-tables between important points, high demurrage rates and utilization of water routes for relief of crowded rail lines.

Pooling of locomotives and cars was recommended to meet traffic congestion. He said this would be impossible under private control.

Lauck charged failure to adopt economic devices, to standardize locomotives, over-development of motive power in respect to other facilities, inefficient freight handling at terminals, labor turnover waste, preventable loss and damage, poor accounting and other alleged extravagances costing the railroads \$963,500,000 annually.

"Thirty Years Behind Times"
"Engine terminals and shops are from ten to thirty years behind the times, rendering them about 50 per cent efficient," the witness charged.

"The 'permanent way' of railroads—classification yards, road beds, passing sidings, coaling and water facilities, bridges, signal equipment and communication—has been so neglected as to be another source of waste and inefficiency."

Bridges, it was declared, are in many instances too light to permit the hauling of maximum load trains. Installation of permanent bridges, while calling for a big outlay in cash, would net millions in savings to railroads each year, Lauck said. Lack of proper signal systems means slow handling of trains, according to Lauck. He characterized the system of loading and transferring of freight and baggage as "primitive."

"Freight cars moved an average of 26.1 miles per day in 1917 in comparison to 24.9 miles in 1920," Lauck said. "An increase of two tons per car in the load carried was noted in the same period. There was also an increase of 5.6 per cent in 1917 to 7 per cent in 1920 of the number of unserviceable freight cars."

Standardized Loading Urged
"Freight cars traveling loaded moved two-thirds of the time and were loaded to two-thirds of their capacity," Lauck alleged.

Scientific train control, standardized loading and economic scheduling were recommended as remedies. "Sadly inadequate and out of date cars and locomotive repair shops are at the bottom of low efficiency in maintenance of equipment," the witness testified.

Lauck said \$100,000 annual salaries for executives was too much.

According to Lauck's information \$5,022,500,000 is the estimated capital outlay of railroads necessary for improvements in 1921, 1922 and 1923. He estimated a saving of \$1,200,450,000 would result from the economic expenditure of this capital under unified control.

Henry Albers To Be Freed From Charges

WASHINGTON, D. C., April 28.—The government confessed error and asked reversal by the Supreme court of the conviction of Henry Albers, Portland, Ore., for alleged pro-German utterances during the war. The motion was made by Solicitor General Frierson and automatically will result in removal of the conviction.

The defense of Albers includes statements that he had been drinking when the alleged disloyal utterances were made on a train from San Francisco to Portland in October, 1918. He was fined \$10,000 by the federal court for the district of Oregon and sentenced to two years' imprisonment.

For Glendale residents who have friends residing on the desert this summer, they will be glad to hear that the Southern Pacific week-end excursion rates are to be made effective again May 13. The round trip fare will be approximately one and one-third one way ticket prices.

Snake Seeks Education
At Occidental college yesterday a snake was found in one of the seats in the women's section of the chapel. It caused a near riot until James Sheppard, president of the student body, grabbed the reptile and returned it to the owner, Kenneth Scott.

Gas Company Seeks Increase
Hearing on the Southern California Gas company for an increase in rates is before Commissioners Chester H. Rowell and Harley Brundige at the state railroad commission offices. The company suggests that equity demands that the people outside of the competitive belt should not be required to pay more than those inside.

Many Attend Business Show
More than 15,000 people attended the Los Angeles Business Show at Praeger Park on its second day, it is stated by N. W. Tupper, president of the exposition. The great mission of the show is to bring eastern and western users and manufacturers together. The show is free to the business public, admission cards being issued to provide against overcrowding. Certain days are set aside for the public.

Women Form Athletic Club
Los Angeles women have formed an athletic club in which boxing, yes boxing, bowling, tennis, swimming, 'n everything will be featured the same is in the men's organization. There will be 150 sleeping rooms in the clubhouse, beauty baths, auditorium and roof garden.

Friends Shot Each Other, Belief
Convinced that Dr. Joseph F. Durand, dentist, and Myron George McCauley, 23, scenario writer, killed each other, Los Angeles police today abandoned their investigation of the strange double slaying. An autopsy has furnished proof conclusive, County Surgeon Wagner announced, that Dr. Durand shot McCauley, his lifelong friend, and that McCauley before dying shot and killed his dentist.

The bodies of Dr. Durand and McCauley were found Monday at dawn beside a wrecked automobile in a Los Angeles street. Two pistols were discovered close to the bodies. McCauley and Durand were constantly together and, according to friends, they had appeared morose and depressed lately. This caused detectives to learn toward a suicide pact theory, rather than another explanation advanced—that they killed each other in a "love duel" over some woman.

Suspected of Slaying His Wife
Culminating a six weeks' investigation, Raymond W. Smith, 28, was under arrest in Los Angeles today on suspicion of having murdered his wife, Mrs. Mary Edna Smith, by administering cyanide poison. Meanwhile, the county grand jury was in session seeking evidence on which to base an indictment against the husband. Smith's arrest, evidence laid before the grand jury disclosed, spoiled his plans for a wedding and a happy honeymoon with Miss Hazel Swartzfager, the "other woman."

The young husband's detention followed startling testimony before the jurors of his love affair with the Swartzfager woman and his own admission that he was engaged to her. He stoutly denied, however, any knowledge of circumstances surrounding his wife's death. Mrs. Smith was found dead in a chair in her home on March 14. An autopsy revealed that cyanide had killed her. Authorities allege that the "other woman" supplies a motive for the alleged murder. They declare Smith had promised to marry Miss Swartzfager as soon as he could be separated from his wife.

Will Not Have to Give Up Baby

Mrs. Cecelia Reinagel wept with joy in Los Angeles today because she will not have to give up her unborn babe.

Struggling to feed eight little mouths, the 26-year-old mother lost heart Tuesday. She inserted in newspapers an advertisement offering for adoption her ninth child, due to see the light of day about May 4.

"My heart is against it, but what am I to do?" she asked.

Brigadier C. R. Boyd, divisional commander of the Salvation Army, learned of her plight. He assured Mrs. Reinagel that no one in the home will suffer from hunger after the tot's arrival.

Dr. I. Jesse Citron, who is attending the mother, has offered to perform free of charge an operation to rid Mrs. Reinagel of a goitre.

SEEKS SUGGESTIONS ON IMPROVEMENT P. E. SERVICE

E. P. HAYWARD, CHAIRMAN OF COMMITTEE, ASKS PEOPLE TO SUBMIT IDEAS

Investigation into the service and operating conditions of the Pacific Electric Railway has been ordered by the State Railroad commission of California, as already told in The Evening News, and as a result the Glendale Chamber of Commerce, through its railroads' and public utilities' committee, is seeking information that will be placed before the commission in the hope that local conditions may be bettered.

The railroads' and public utilities' committee is headed by E. P. Hayward and the secretary is R. C. Plume. The state commission, in a communication to T. W. Watson, city manager, brought notice of the proposed inquiry into the Pacific Electric's service and operating conditions, as follows:

"Dear Sir:—The commission has instructed the engineering department to make an exhaustive investigation into the service and operating conditions of the Pacific Electric railway and to make a report embodying its conclusion and recommendations."

Suggestions Are Wanted
"The commission is aware that you and the community which you serve are greatly interested in this investigation and we believe that with your knowledge of local conditions you may be able to give us valuable suggestions for the betterment of the service if you will be good enough to co-operate with us in this work."

"The commission desires that anyone in your community who has any complaints or suggestions shall be given an opportunity to present his views and all communications received by us will be considered and investigated."

"During the course of this investigation, one of the commission's engineers will call on you and discuss the Pacific Electric transportation problems of your community and we will be glad to have you at all times keep in touch with our work. The engineers handling this work may be reached at Room 674, Pacific Electric building, Los Angeles, where their services and the data collected by them will be at your disposal."

"In order that you may be informed in the status and general scope of the work being done, there is attached for your information copy of a memorandum of December 11, 1920, giving an outline of the program of investigation as approved by the commission and also copy of a memorandum of January 14, 1921, together with an organization blue print showing the methods adopted by the department to carry out the program."

"Yours truly,
"RAILROAD COMMISSION OF THE STATE OF CALIFORNIA."

"RICHARD SACHSE,
"Chief Engineer."

Referred to Local C. of C.
City Manager Watson referred the communication to the local Chamber of Commerce and J. M. Rhoades, secretary of the organization, turned the matter over to E. P. Hayward, chairman, and R. C. Plume, secretary, of the chamber's committee on railroads and public utilities, in the following communication:

People Urged to Act

In discussing the proposed investigation conducted by the State Railroad commission, E. P. Hayward, chairman of the Chamber of Commerce committee, urged that any citizens desiring improvements in the railway's service communicate with him in writing, setting forth plainly just what is sought.

"If there are any complaints, if there are any improvements desired in the Pacific Electric by the people of Glendale, now is the time to take them up," said Chairman Hayward to The Evening News. "The inquiry is under way, the Chamber of Commerce committee is at work and we want action on the part of our people. Send on your communications to me at 139 North Brand boulevard."

Super Feature Being Shown At Glendale

Suave, bantering, cynical; clever, crafty, with subtle innuendoes, "The Devil" ensnared an artist, a model, a banker and his wife in a diabolical plot to overcome Truth with Evil.

"The Devil," was one of George Arliss' greatest stage characterizations. As portrayed on the screen, it is a character delineation to live and roll down the years of photoplay history as an interpretation without par.

The Glendale Theatre presents George Arliss in "The Devil," with Sylvia Breamer, Lucy Cotton, Edmund Lowe, Roland Bottomley and Mrs. Arliss in prominent roles. The direction is James Young's. Edmund Goulding wrote the story for Harry Leonhardt and Andrew J. Callaghan, presented by Associated Exhibitors through Pathe.

Yesterday's throngs were more than pleased by the super-feature which is appearing for the longest run in the history of the Glendale theatre. Tomorrow the same program, including the Catholic cornerstone ceremonies, will be repeated, and at the first evening show five acts of vaudeville is an added attraction. Madame Clement tonight plays "Dearie" on the great organ.

CLEARING UP A MYSTERY

It is declared that the bagpipe is the oldest musical instrument in the world. That must be why its joints squeak so.

A Stockholm physician is reported to have discovered the microbe of sleeping sickness and to have established the fact that the disease is infectious. Rabbits were inoculated with brain substance from persons who had died of the disease.
